No Poverty

## USM as a sustainability-led university

**WE LEAD**

Transforming Higher Education for a Sustainable Tomorrow

# THE Impact Rankings 2023 (THE IR)

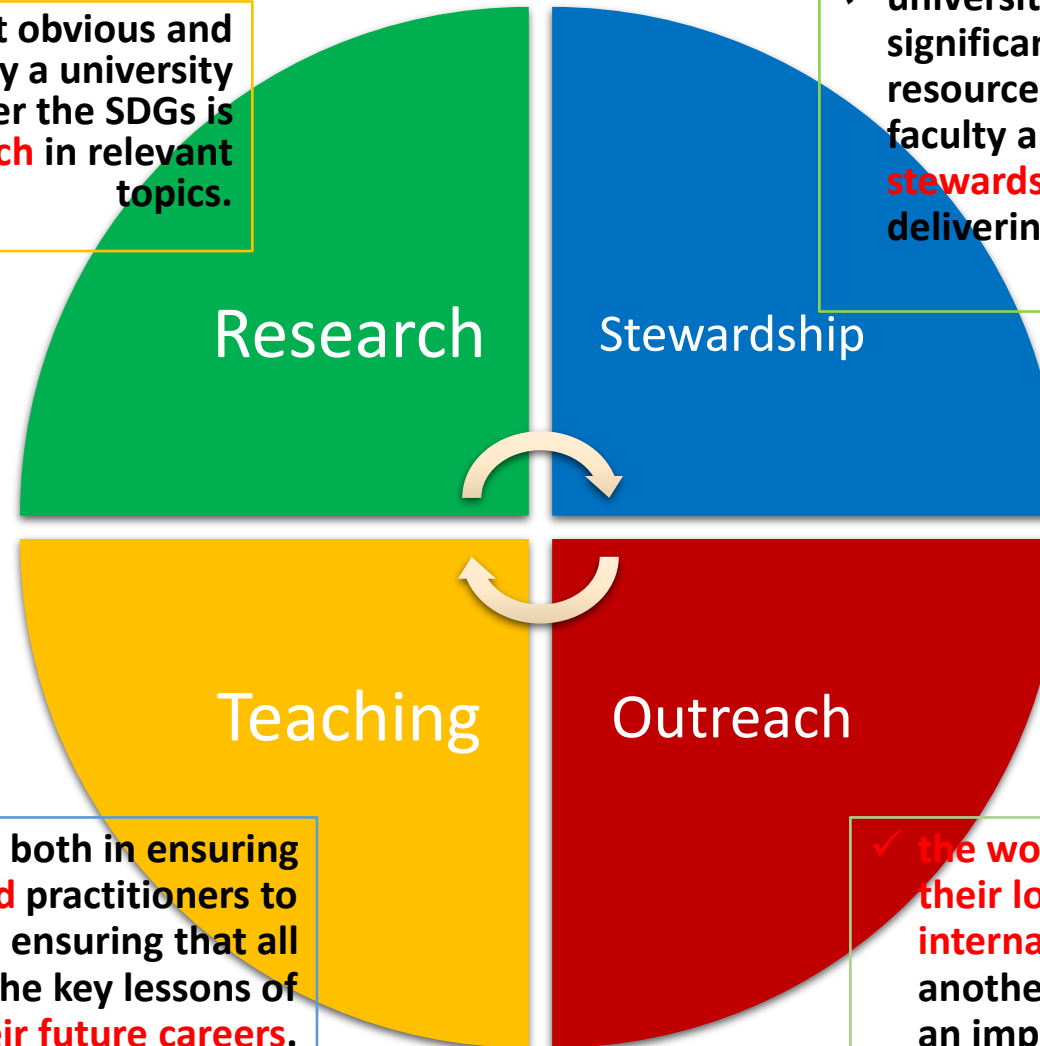

- The *Times Higher Education* Impact Rankings are the only global performance tables that assess universities against the United Nations' Sustainable Development Goals (SDGs).
- The 2023 Impact Rankings is the fifth edition, and the overall ranking includes 1,591 universities from 112 countries/regions.

# Measure across four areas

✓ the most obvious and traditional way a university might help deliver the SDGs is by **creating research** in relevant topics.

✓ universities are custodians of significant resources; not just physical resources, but also their employees, faculty and students. How they **act as stewards** is one of the key factors in delivering the SDGs.

✓ teaching plays a critical role, both in ensuring that there are **enough skilled** practitioners to deliver on the SDGs, and in ensuring that all alumni take forward the key lessons of **sustainability into their future careers**.

✓ the work that university do with their local, regional, national and international communities is another keyway that they can have an impact on sustainability

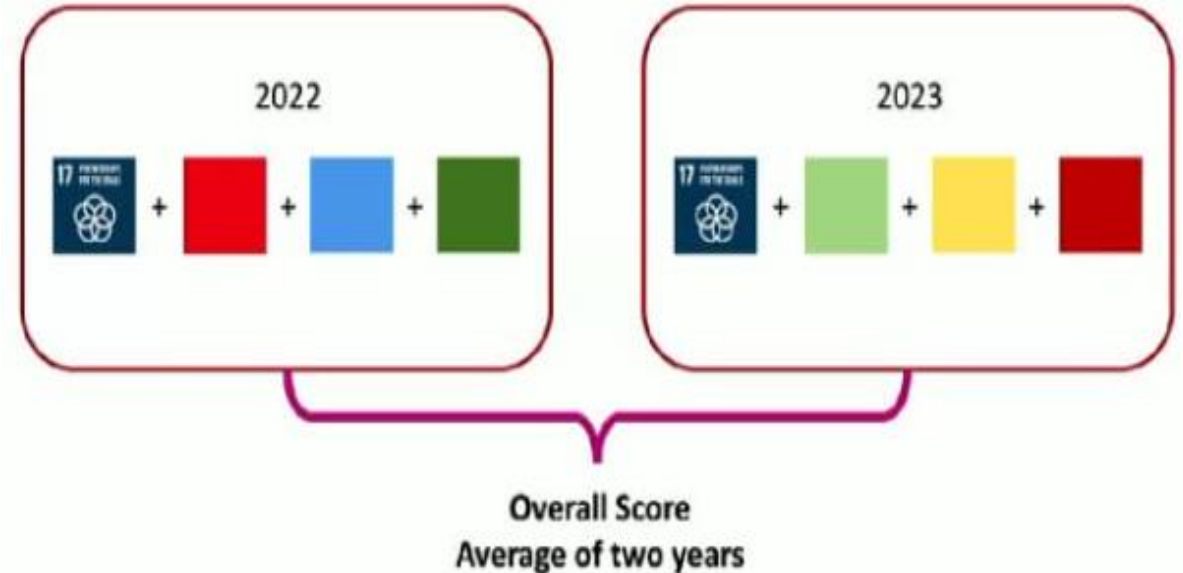

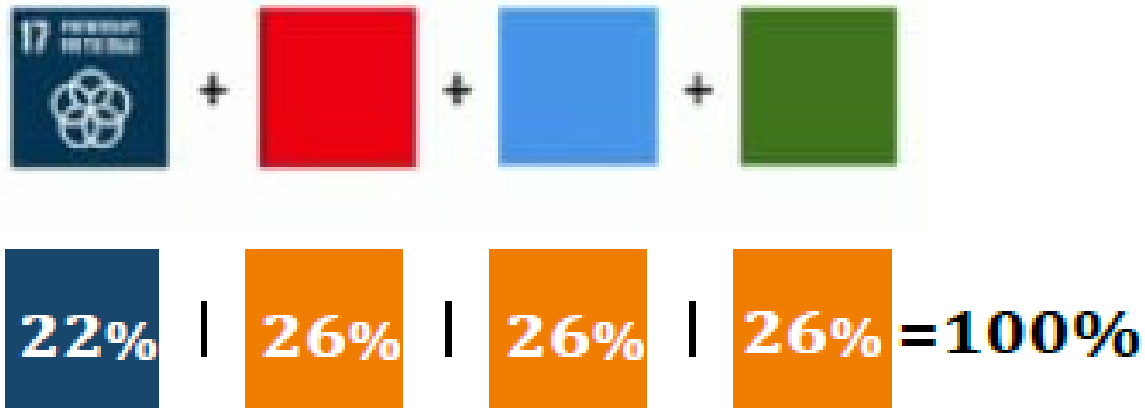

# CALCULATING SCORE

- SDG 17: 22%
- Top three SDGs: each 26%

- Overall score 2023 = average of 2 years

# THE IR USM

USM UNIVERSITI  
SAINS  
MALAYSIA

# TATACARA PENGGUNAAN PORTAL SDG

The screenshot shows a web browser at the URL `sdg.usm.my`. The page header includes the text "Universiti Sains Malaysia" and the website address `www.usm.my`. Below the header, there are logos for "THE IMPACT RANKINGS" and "SUSTAINABLE DEVELOPMENT GOALS". The main heading reads "Universiti Sains Malaysia Impact Rankings Electronic Evidence" with a "VER 3" badge. A navigation menu contains "Home", "Answer Survey" (highlighted with a red circle), and "Methodology". The user is logged in as "PTJ Sustainability Representative" with the email "Hello allpeg1@usm.my!". The main content area features the title "Measuring progress towards the Sustainable Development Goals" above a horizontal bar with 17 colored segments. Below this, a welcome message states: "Welcome to the Universiti Sains Malaysia Impact Rankings Electronic Evidence Portal. The secure portal is structured to collect accurate and detailed information to enable us to develop a detailed, multifaceted performance profile of Universiti Sains Malaysia to create the Impact Rankings. Please note that this portal is directly managed to serve the purpose of ranking to Times Higher Education and is the only source of institutional data for the Impact rankings. The information that you submit will be combined with other sources of data and used to create a comprehensive and representative picture of Universiti Sains Malaysia. Thank you for taking the time to participate in this important global research project."
